Call for Faculty and Attending Abstracts

The ACOI is expanding the research and clinical poster program at this year’s Annual Convention and Scientific Sessions to include program directors, faculty and attending physicians. Presenting a poster at the 2017 Convention provides:

• Excellent way to meet the ACGME faculty requirement for scholarly activity (II.B.5);
• Outstanding venue to share a unique or challenging case;
• Opportunity to showcase the application of OMM in a specific therapeutic category;
• Appropriate forum to present data from an investigator-initiated trial/study.

Categories for submission include:
• Prospective clinical studies (completed or in-process);
• Retrospective analyses (e.g., chart audits, registries);
• Descriptive studies;
• Unique case presentations.

Abstracts must be submitted to ACOI by August 15, 2017 for review by the Research Committee. All accepted abstracts will be presented as posters. For more information, see the complete call for abstracts document at www.acoi.org, or contact Don Nelinson, PhD, (301) 231-8877, or don@acoi.org.
