INTERNAL MEDICINE BOARD REVIEW COURSE
Marriott Chicago Downtown Magnificent Mile • April 25-29, 2018

Course Description and Learning Objectives
This 5-day course will provide an intensive and comprehensive overview of most of the major areas of importance to physicians preparing for the American Osteopathic Board of Internal Medicine Certifying Examination (September 12, 2018) and Recertifying Examination (September 12, 2018). It will also provide a thorough overview of major areas of internal medicine. Special emphasis will be placed on recent advances in various subspecialty areas in internal medicine and clinical skills management as they pertain to clinical practice and the examinations.

Several “Board-type” questions will be included during each lecture to improve registrants’ readiness to respond to examination questions. The lectures will be given by distinguished faculty who are recognized for their ability as outstanding teachers and clinicians. A detailed syllabus will be provided to registrants. Immediately following each day’s lectures, designated faculty from each subspecialty area will be available for a question and answer period.
