

ACOI 2024 Internal Medicine Comprehensive Update
April 8-12, 2024
Virtual

Practice Gap: With the range of therapeutic areas in internal medicine being broader than any other medical specialty, most physicians are unable to maintain best-practice knowledge and skills in all areas of practice. This conference will fill these gaps for general internists and internal medicine subspecialists by reviewing various specialty and clinical scenarios to demonstrate competence.

Target Audience: This activity has been designed for general internists, subspecialists, and other health professionals.

Learning Objectives:

- Revise and refresh knowledge of core topics in internal medicine and the subspecialties through discussion of common and uncommon clinical problems;
- Apply successful strategies to respond to challenging scenarios;
- Synthesize and implement changes in clinical practice in accordance with recent advances and guidelines and evidence-based practice.

Goal: The goal of this activity is to provide internists, subspecialists, and other health care professionals clinical updates for a general review for their knowledge and for their practices in order to enhance the quality of patient care.

Outcomes: This activity will provide internists and subspecialists updates in the areas of healthcare administration, cardiology, pulmonary, critical care medicine, infectious diseases, gastroenterology, hematology/oncology, internal medicine, etc., and will use exam-type questions integrated into each session, empowering them to be well-prepared to optimize their current quality practice management.

Activity Format:

Facilitating learning through case-driven presentations, guideline updates, evidence, and shared clinical experiences with key internal medicine specialties (gastroenterology, endocrinology, infectious diseases, cardiology, pulmonology), nephrology, etc.) and will engage learners in a rich educational experience to advance their knowledge and competence across a range of clinical and patient presentations.

CME:**Accreditation and Credit Designation Statements**

The American College of Osteopathic Internists (ACOI) is accredited by the American Osteopathic Association to provide continuing medical education to physicians and has designated this live CME activity for a maximum of 42.25 AOA Category 1A Credits.

The American College of Osteopathic Internists is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Osteopathic Internists designates this live activity for a maximum of 42.25 *AMA PRA Category 1 Credits*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Faculty Disclosures:

Unless otherwise indicated, faculty members and moderators have disclosed no relevant financial relationships.

ACOI staff members, activity planners, & CME Committee members have disclosed no relevant financial relationships.

The following faculty have disclosed financial relationships:

Bryan L. Martin - ALK - Consulting fee – Consultant

Molly Menser - Loreal - Honoraria - Speakers Bureau

Jack L. Snitzer - Abbott and Dexacom - Honoraria - Speakers Bureau
