

ACO*i* 2022

October 19-22 | Baltimore | Hybrid
Making an Impact

The ACOI 2022 Annual Convention & Scientific Sessions

President's Welcome

It gives me great pleasure to welcome you to the ACOI 2022 Annual Convention & Scientific Sessions. For those of you who have attended our meetings in the past, I think you'll agree that our ACOI staff and the subspecialty education chairs have once again raised the bar for an incredible conference. For our first-time attendees, get ready for a stimulating experience.

This year, our theme is **"Making an Impact."** Our Program Chair is Susan M. Enright, DO, FACOI. Dr. Enright and her team have put together quite the schedule of events. This will be our second hybrid event since COVID-19. This year, in-person attendance will include many value-add events that will help you connect with the reason you chose a career in Internal Medicine in the first place.

Point-of-Care Ultrasound training (POCUS) and basic certification will be available every day. Our Welcome Reception at the National Aquarium in Baltimore's Inner Harbor is going to be amazing. Keynote Speakers will include Vanessa Van Edwards speaking on "The Three Levels of Connection," Priti Krishtel, JD, speaking on "Medical Patent Reform System," and Mark McLaughlin, MD, speaking on "The Agony and Ecstasy of 21st Century Medicine." There will be additional Symposia on Physician Wellness, Faculty Development, Women Physician's Discussion Group, and an exciting Resident and Students Section that will even include "Speed Dating with Specialists."

Be sure to check out the Alumni receptions on Thursday evening. Enjoy the Plenary Sessions presented by virtually all the subspecialties of Internal Medicine. Florida and other state required CME will be presented. Need to take a break and stretch your legs? Don't forget about the Fun Run/Walk with Charlene A. LePane, DO, FACOI, and Mia A. Taormino, DO, FACOI, and Yoga with Laura M. Rosch, DO, FACOI, both on Friday morning.

On Saturday, I know you'll help me welcome our incoming ACOI President, Joanne Kaiser-Smith, DO, FACOI. On a personal note, please let me say it's been a highlight in my professional career to have served as your ACOI President over the past year. We really do have a remarkable and inspiring profession. I look forward to catching up with you all in Baltimore this week.

Faternally,

Robert L. DiGiovanni, FACOI
2021-2022 ACOI President

Making an Impact

Welcome!

We thank you for attending our ACOI 2022 Annual Convention & Scientific Session in Baltimore or virtually. We know you have many continuing medical education choices. We are privileged you chose #ACOI2022 to assist in your CME needs. ACOI has been successful because of its members—many of which will be here this week on stage sharing their knowledge, many have spent their time as specialty section chairs organizing and recruiting those who are sharing their knowledge, and many are here this week to connect with friends.

Our theme is Making an IMpact. We make an impact daily. We impact the lives of our patients, their families, fellow physicians, and the staff we encounter. We impact the lives of the students, interns, and residents we encounter. We hope that this week will aide to that impact, whether it be by something learned from sessions like "Dermatology for the Hospitalist" from Dr. Layher or tips on building immediate rapport using a conversation blueprint from our keynote, Vanessa Van Edwards.

Speaking of impacting students, interns, and residents, we have over 120 learners joining us in Baltimore. For those of you veteran ACOI members, please welcome them. Please engage them. They are the future of our ACOI.

It has been a privilege working with the phenomenal ACOI staff members who work tirelessly to bring you ACOI 2022 Making an IMpact. Enjoy!

Susan M. Enright, DO, FACOI
Program Chair, ACOI 2022 Annual Convention & Scientific Sessions

ACOI's Vision, Mission, Values, and Goals

Vision

Osteopathic internists are practicing Principle-Centered Medicine™ and thriving in their personal and professional lives.

Mission

As the premier community for osteopathic internists, ACOI provides leadership, networking, and education to help our members be successful and stay true to why they pursued medicine.

Organizational Values

To accomplish its vision and mission, the ACOI will base its decisions and actions on the following core values:

LEADERSHIP for the advancement of osteopathic internal medicine

EXCELLENCE in programs and services

INTEGRITY in decision-making and actions

PROFESSIONALISM in all interactions

SERVICE to meet member needs

Goals

1. Grow our ACOI community through engagement and belonging.
2. Connect members to education and tools that support their continued professional development and career advancement.
3. Amplify the voice of the community and provide leadership for the profession.
4. Improve physician wellbeing, helping members to balance work, life and their own health while achieving the best outcomes for patients.
5. Build a strong and sustainable membership association.

2021-2022 Board of Directors

Robert L. DiGiovanni, DO, FACOI, *President*
Joanne Kaiser-Smith, DO, FACOI, *President Elect*
Robert T. Hasty, DO, FACOI, *Secretary-Treasurer*
Michael A. Adornetto, DO, MBA, FACOI, *Immediate Past President*
Samuel K. Snyder, DO, FACOI, *Past President*
Susan M. Enright, DO, FACOI
C. Clark Milton, DO, FACOI
Damon L. Baker, DO, FACOI
Watson Ducatel, DO, MPH, FACOI
Charlene A. LePane, DO, FACOI
Robert A. Cain, DO, FACOI
Laura Rosch, DO, FACOI
David L. Tolentino, DO, FACOI
Amita Vasoya, DO, FACOI
Robert Aran, DO, *Resident Representative*

Staff

Karen C. Caruth, MBA, *Executive Director*
Timothy W. McNichol, JD, *Deputy Executive Director*
Susan B. Stacy, FACOI, *Senior Director of Finance, Meetings, and Administration*
Kristan J. Davis, *Director, Education and Professional Development*
Erin Ross, MS, *Director of Marketing and Communications*
Keisha L. Oglesby, *Director of Finance and Administration*
Kara Kerns, *Post-Doctoral Training Specialist*
Claudette A. Jones, *Meetings Project Manager*
Katie Allen, *Digital Media Manager*
Meg O'Rourke, *CME Specialist*
Neena J. Kuruvilla, *Member Services Specialist*

2022 Convention Program Committee

Susan M. Enright, DO, FACOI, Program Chair

Subspecialty Program Chairs

Allergy/Immunology – Julie K. Sterbank, DO, FACOI
Cardiology – Chad A. Link, DO, FACOI
Endocrine – Christina M. Bordeau, DO, FACOI
Gastroenterology – Charlene A. LePane, DO, FACOI
Geriatric/Palliative Medicine – Annette T. Carron, DO, FACOI
Hematology/Oncology – Mary Jo Voelpel, DO, FACOI
Infectious Diseases – Mia A. Taormina, DO, FACOI and MarkAlain Dery, DO, FACOI
Nephrology – Mark D. Baldwin, DO, FACOI
Pulmonary/Critical Care/Sleep Medicine – David H. Lindner, DO, FACOI
Rheumatology – Keith A. Reich, DO, FACOI
Resident/Students – Robert G. Good, DO, MACOI

Susan M. Enright, DO, FACOI

Future Meeting Dates

ACOI 2023 Annual Convention & Scientific Sessions

October 11 - 15

Tampa Marriott Waterside Hotel
Tampa, FL

ACOI 2024 Annual Convention & Scientific Sessions

October 30 - November 3

Kierland Resort
Phoenix, AZ

ACOI 2025 Annual Convention & Scientific Sessions

October 8 - 11

JW Marriott Marco Island
Marco Island, FL

Convention Support

ACOI Thanks the Following Companies for their Support of this Annual Convention

This activity is supported by independent educational grants from the following companies:

Boehringer Ingelheim Pharmaceuticals, Inc.
Gilead Sciences, Inc.
Merck & Co, Inc.
Novartis Pharmaceuticals Corporation
Novo Nordisk
Excel Continuing Education

CME Objectives, Needs Assessment, Practice Gap, Overview

Activity Overview

This activity will provide general internists and subspecialists with updates in clinical medicine, quality assurance and improvement, healthcare administration, and the integration of concepts from principle-centered medicine to outpatient and inpatient care. The Annual Convention & Scientific Sessions are designed to advance the knowledge and competence of practitioners in general internal medicine (outpatient and hospital-based), cardiology, pulmonology, critical care, infectious diseases, endocrinology, allergy/immunology, gastroenterology, rheumatology, hematology/oncology, nephrology, nuclear medicine, sleep medicine, palliative care medicine, and osteopathic principles, practice, and manipulative medicine.

Practice Gap

Today's internal medicine specialists, and subspecialists, whether practicing in the hospital or ambulatory setting are challenged to provide optimal care for the population of patients they serve. Advances in clinical medicine, the understanding of population health trends and epidemiological changes, as well as the emergence of novel pathogens affecting global health all create an environment where best practice standards of care (SOC) shift rapidly and significantly. The culturally diverse society in which physicians practice and the vital need to remain culturally competent add to the need for education to close the gap between current SOC's and best practices.

Today's internist, whether practicing as a hospitalist, generalist or subspecialist, is challenged to provide optimal care for patients with a wide range of clinical presentations. Practice informed by evidence-based guidance has been shown to improve outcomes with individual patients, within hospitals, and across populations. However, there is often a gap between evidence-supported practice and day-to-day implementation of care. This gap may be due to a lack of knowledge/information or limitations in opportunities for skill development/implementation. Identifying and implementing evidence-based practices in key therapeutic categories relevant to the internist will limit unnecessary testing, improve quality of care outcomes (CMS, AHRQ), and limit financial burden to the patient and the healthcare system (MACRA/MIPS).

Educational Needs

Knowledge: The internist is required to manage a wide range of clinical presentations. Not all internists are able to remain current on the latest guidelines, pivotal trials, and therapeutic options across the range of clinical areas relevant to internal medicine. In many cases, this is driven by a lack of awareness of advances and available information.

Competence: Gap analysis revealed that, across a range of therapeutic areas, internists have a strong understanding of best-practice approaches, but do not consistently apply these in practice. For example, despite advances in pharmacologic management and the use of new devices, there has been variable implementation in hospital-based practice due to opportunity, availability, or internal policies.

Target Audience

This activity has been designed for general internists and subspecialists practicing in ambulatory and/or hospital-based settings.

Learning Objectives

After actively participating in this educational activity, learners will achieve the following competencies, based on the sessions they select:

- Improve patient care through the utilization of new innovations in Digital Therapies
- Reduce the risk of physician burnout
- Prevent coding errors
- Improve outcomes in patients with AFib
- Improve patient care with new updates in Lipid Management
- Improve care for patients with Irritable Bowel Disease
- Learn screening options for prevention of Osteoporosis

- Understand the benefits of diabetes drugs for cardiovascular disease
- Improve patient care with Psoriatic arthritis
- Prevent medical errors
- Learn about device updates in diabetes care
- Prevent and mitigate domestic violence
- Prevent and mitigate human trafficking
- Manage patients with HIV/AIDS
- Improve understanding of Diversity and Inclusion in Medicine
- Understand the latest updates on vaccines
- Improve understanding of End-of-Life issues with your patients

Accreditation and Credit Designation Statements

The American College of Osteopathic Internists (ACOI) is accredited by the American Osteopathic Association to provide continuing medical education to physicians and has designated this live CME activity for a maximum of 51.75 AOA Category 1A Credits.

The American College of Osteopathic Internists is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The American College of Osteopathic Internists designates this live activity for a maximum of 48.25 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC Recognition Statement

Successful completion of this CME activity, which includes participation in the evaluation component, enables the participant to earn up to 21.5 MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

For Onsite Attendees who participate in the POCUS portion of the activity:

Successful completion of this CME activity, which includes participation in the evaluation component, enables participants to earn up to 12 additional MOC points in the American Board of Internal Medicine's (ABIM) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABIM MOC credit.

CME Sign-In and Certificate Policy

In order to obtain credit for the meeting, physicians must complete the CME form found on ACOI's website at:

<https://www.acoi.org/ACO2022/CME>. There is also a link to the form on the virtual platform. The form must be completed and submitted by **12/9/2022**. There is no requirement for daily sign-in. Each physician should claim only those credits actually spent in the education activities. Once you submit your hours you will be able to download your certificate(s) immediately.

The following amounts of internal medicine CME credits are available at the ACOI 2022 Annual Convention & Scientific Sessions:

	AOA	ACCME
Wednesday, October 19.....	7.00.....	7.00
Thursday, October 20.....	10.50.....	9.00
Friday, October 21.....	12.75.....	11.75
Saturday, October 22.....	21.50.....	20.50
Total.....	51.75.....	48.25

Additional CME is available through completion of the POCUS Modules (separate registration required). POCUS is composed of 5 different modules of learning, each valued at 2.00 CME hours. Those needing certification of attendance for state licensure purposes can submit these hours and download these certificates from the same form on our website.

As a member service, the ACOI will report CME credits reported at the above link to the AOA.

Evaluations

It is essential that you complete the electronic evaluation of the speakers and program. Prior years' evaluations have significantly impacted future programming and your feedback is considered vital. The evaluation link may be found on the Annual Convention virtual platform and on our website.

PRACTICE MANAGEMENT PRE-SESSIONS

9:00AM - 9:45AM
Grand Ballroom 5-6

Evaluation & Management Notes in 2023 - Returning to the Basics
Jill M. Young, CDC, CEDC, CIMC

9:45AM - 10:45AM
Grand Ballroom 5-6

Remote Monitoring and Enhanced Patient Care
Anthony Wehbe, DO, MBA, FACOI

10:00AM - 12:00PM
Heron Room

POCUS - Ultrasound Session

Intro to Cardiac Exam: Interactive Hands-On Sessions*
Peter Bonadonna, Moderator

10:45AM - 11:15AM
Grand Ballroom 5-6

Physician Burnout – Panel Discussion
Jeff Krepps, PhD, Moderator, Joanne K. Baker, DO, FACOI,
Christine M. Samsa, DO, FACOI, and David L. Tolentino, DO, FACOI

11:00AM - 12:00PM
Grand Ballroom IV

New Member and First-Time Attendee Orientation
Q&A with ACOI Board of Directors
Robert L. DiGiovanni, DO, FACOI, President, Moderator

11:15PM - 12:15PM
Grand Ballroom 5-6

COPD in the Internist's Setting: Optimizing Patient Outcomes*
Carol R. Ash, DO, FACOI

12:15PM - 1:00PM

LUNCH ON YOUR OWN

1:00PM - 3:00PM
Heron Room

POCUS - Ultrasound Session

Basic Superficial Exam & Procedure: Hands-On Sessions*
Peter Bonadonna, Moderator

1:00PM - 1:45PM
Grand Ballroom 5-6

New Agents in Lipid Management*
Robert J. Chilton, DO, MACOI

1:45PM - 2:45PM
Grand Ballroom 5-6

Update in Chronic Heart Failure: Bridging the Gap to GDMT*
Chad A. Link, DO, FACOI

2:45PM - 3:00PM
Grand Ballroom Foyer

BREAK

Day 1

Wednesday, October 19 *(continued)*

- | | | |
|--|---|---|
|  | 3:00PM - 3:45PM

Honors and Awards

The Distinguished Service Award Winner for 2022 is... David Hitzeman DO, MACOI

The Distinguished Service Award is the highest honor the ACOI bestows on an individual physician. Winners are chosen through a process that starts with unanimous recommendation of the Committee on Honors and Awards, and then by unanimous vote of the Board of Directors.

Driven by his passion to ensure osteopathic physicians were well represented whenever decisions about the future of medicine were being made, Dr. Hitzeman's history of service to osteopathic medicine spans a 40+ year career. From his first role as rural physician, to the realm of academia, he has held major leadership positions both in osteopathic and allopathic organizations which have been a hallmark of Dr. Hitzeman's professional life. His enduring involvement in issues of advocacy and leadership on behalf of osteopathic physicians has earned the respect of his colleagues for his wisdom, dedication, and devotion to the broader recognition of DOs.

The Internist of the Year Award Winner for 2022 is... Natasha Bray, DO, FACOI

To qualify for the Internist of the Year award, a physician must demonstrate clinical excellence and exceptional status in continuing professional accomplishments, scholarship, and professional activities, including teaching, research, and community service.

Recently named Dean of OSU-COM at the Cherokee Nation, Natasha Bray, DO, FACOI, recently served as the College's interim dean since June 2021. Dr. Bray also serves as Associate Dean for Accreditation and is a member of the faculty at the Tahlequah Medical Group's internal medicine program. As Interim Dean she oversaw the launch of the Tahlequah campus during the height of the pandemic. Dr. Bray has embraced her role as a liaison to the Cherokee Nation and "provided exceptional leadership for this campus," according to OSU Center for Health Sciences President Johnny Stephens.

The Teacher of the Year Award Winner for 2022 is... Daniel Wildes, DO, FACOI

To qualify for Teacher of the Year, a physician must demonstrate major contributions to osteopathic medical education and leadership that has had positive impact.

Daniel Wildes, DO, FACOI, is Clinical Assistant Professor at Oklahoma State University Center for Health Sciences. Among his many accomplishments at OSU, as cardiology program director he was credited with creating a new curriculum that focused on standards and expectations for students to help improve students' board passage rate and ACC annual in-service exam scores. As a result, he not only helped the College achieve ACGME accreditation with Osteopathic Recognition, but also helped students successfully navigate the program and attain board certification. He is credited with transforming the College's Cardiology program with the creation of "a thriving, flexible curriculum that can continue to keep pace with the ever-changing cardiovascular landscape," according to D. Matt

Wilkett, DO, FACOI, FACC, from the OSU Center of Health Sciences.

Acknowledgments

The ACOI recognizes the following members who have made contributions with their registration to the ACOI Generational Advancement Fund in support of the next generation of osteopathic physicians. Their commitment ensures that ACOI can continue to offer free registration for all students and residents at future conventions as well as support other programs and initiatives, including the Visiting Professor Program and the Student Osteopathic Internal Medicine Association (SOIMA).
