Geographic and Setting Preferences

You are able to add up to 3 geographic preferences or indicate "no preference". If you choose a geographic region, only programs in that area will see that single preference note. Please review ERAS Geographic Preference Statistics
Data highlights that aligning your geographic preference with program signals can have more positive interview yields. Ortho and ENT are not participating in geo signals.

Division Preference: *Middle Atlantic* Use the terminology of the system: "Middle Atlantic" over specific states. This example is one used when there is no personal/family roots

I'm drawn to the Middle Atlantic region for its rich diversity, broad clinical training opportunities, and dynamic urban and community settings. The region's pace and complexity align with my professional goals and my desire to train in a high-impact, patient-centered environment.

Division Preference: *East North Central* This example details family roots and being from the Midwest. Remember all programs in East North Central will see this.

I have a strong preference for the East North Central region as a native Midwesterner with family roots and deep familiarity with the patient populations. I am committed to practicing in the Midwest long term and value the region's diverse clinical training environments.

Division Preference: *West South Central* In this example, a fiancé is referenced. However, it goes beyond detailing "My fiancé is there" and into a desire to serve the communities together- so the focus isn't on an individual only, but does include them.

I have a strong preference for the West South Central region, where my fiancé lives and where we hope to build a life together. I am also deeply committed to serving the diverse communities of this region and contributing to equitable, community-centered care.

Setting Preference: *No Preference* If you indicate no setting preference, leave a short rationale. ERAS Data available here

I do not have a preference for training setting. I've thrived in diverse environments. From urban hospitals to community clinics, I am confident in my ability to adapt, contribute, and grow as a physician in any setting that emphasizes strong clinical training and teamwork.

Note: This section is not intended to solicit information about your health, disability, or family status.

Have you had any academic extensions, leaves, gaps, or breaks in your educational program due to repeated or remediated coursework?: *Yes*

Explanation: *If gaps related to repeated or remediated coursework is applicable, provide information here with a focus on what you learned and/or how you sought improvement.*

Following an unsuccessful outcome in anatomy, I took additional time to build a stronger academic foundation. I reflected on my learning style, adopted more active study techniques, and sought mentorship to improve retention and time management. This experience reshaped how I approach complex material and set the stage for continued academic growth, reflected in my performance in subsequent coursework and clinical application of anatomical knowledge.

Have you had any professional extensions, leaves, gaps, or breaks in your educational program due to professionalism sanctions or any other adverse actions by your medical school or its parent institution? *No* *If applicable, write your explanation highlighting what you learned from it and steps taken for improvement.*

List information for all institutions attended. If an applicant does not have at least one entry, they must select 'None'.

Member/Volunteer			
Organization	Sigma Sigma Phi, MSUCOM Chapter	Dates	04/2022 - Present
Location	Macomb, MI 48044, United States of America	Participation Frequency	Weekly (recurring)
Setting	Suburban/Urban	Experience Type	Volunteer/service/advocacy
Primary Focus	Community involvement/outreach Not always a clear fit, but complete for each entry	Key Characteristic	Ethical Responsibility Not always a clear fit, but complete for each entry
Context, Roles & Responsibilities	Contributed over 300 hours to community service through Sigma Sigma Phi, actively organizing and participating in health fairs, food distributions, and wellness education events. Facilitated blood pressure screenings, led health literacy workshops, and coordinated logistics for volunteer initiatives. Example of grouping volunteer experiences under one 'umbrella'. Focus on the active voice, highlighting task/skill/leadership. Avoid simply describing the organization.		
Most Meaningful	These experiences strengthened my communication skills, cultural humility, and ability to adapt quickly to community needs. They also deepened my commitment to service-oriented medicine and collaborative leadership.		

If you had an experience where you had a promotion or even an informal increase of responsibilities due to your performance, highlight that additional responsibility/growth/leadership qualities!

Volunteer Patient Navigator			
Organization	Community Health Free Clinic	Dates	06/2020 - 06/2022

Experiences

Location	Madison, WI 48044, United States of America	Participation Frequency	Weekly (recurring)
Setting	Suburban/Urban	Experience Type	Volunteer/service/advocacy
Primary Focus	Improving access to healthcare	Key Characteristic	Cultural Humility and Awareness
Context, Roles & Responsibilities	Provided real-time Spanish interpretation during medical visits, ensuring accurate communication between patients and providers. Delivered follow-up instructions, coordinated referrals, and educated patients on preventive care, enhancing health literacy and reinforcing my commitment to equitable healthcare delivery.		
Most Meaningful	Volunteering deepened my awareness of cultural and systemic barriers in healthcare. It taught me humility, the importance of truly listening, and shaped my commitment to patient-centered care that respects each individual's unique experience and promotes equitable access for all.		

Research Assistant

Organization	Michigan State University College of Osteopathic Medicine	Dates	06/2025 - Present
Location	Macomb, MI 48044, United States of America	Participation Frequency	
Setting	Do not leave blank sections as in this example!	Experience Type	Research
Primary Focus		Key Characteristic	
Context, Roles & Responsibilities	Assisted in a retrospective study examining medical student performance trends and clinical evaluation outcomes. Conducted literature reviews, organized data using Excel and REDCap, and supported abstract and poster development for academic conferences. Gained exposure to IRB protocols and collaborative academic writing.		

When describing your research experience, even if it was an early experience that didn't produce publications - highlight the skills you gained! Understanding the IRB process, foundational skills in a lab, etc. These are all translatable and demonstrate your development

Student, Clinical Enrichment in Emergency Medicine

Organization	County Medical Center, Emergency Department	Dates	01/2025 - 03/2025
Location	Macomb, MI 48044, United States of America	Participation Frequency	Consider how these uncompleted sections look to programs, compared to those who thoroughly filled out their applications.
Setting		Experience Type	Education/training
Primary Focus	Medical education	Key Characteristic	Self Reflection and Improvement
Context, Roles & Responsibilities	Engaged in a structured clinical enrichment experience in a high-acuity emergency department, observing complex decision-making and interdisciplinary teamwork. Gained insight into rapid triage, diagnostic reasoning under pressure, and the emotional resilience required in emergent care. This experience strengthened my interest in high-intensity clinical environments and deepened my understanding of trauma-informed communication, especially with patients in crisis. Inspired further exploration of acute care and health equity in emergency settings.		

Experiences

Hostess/Waitress			
Organization	Sunset Bistro	Dates	01/2020 - 06/2023
Location	Macomb, MI 48044, United States of America	Participation Frequency	Weekly (recurring)
Setting	Suburban/Urban	Experience Type	Work
Primary Focus	Customer service	Key Characteristic	Critical Thinking and Problem Solving
Context, Roles & Responsibilities	Took customer orders accurately, served food and beverages, handled cash and credit transactions, and resolved customer concerns promptly while balancing demanding undergraduate coursework. Developed strong communication, multitasking, and problem-solving skills. Learned to remain calm under pressure and work collaboratively in a diverse team. Enhanced empathy and active listening.		

Impactful Experience It is **not required** to include an impactful experience entry. Only complete if applicable - Review Instructions Here

Throughout my journey, I have navigated significant challenges that have shaped my resilience and dedication to medicine. As a first-generation college student, I balanced rigorous academics with working multiple jobs to support myself and contribute to my single-parent household. Serving as a primary source of emotional and practical support for my family taught me invaluable lessons in responsibility, empathy, and time management. These experiences strengthened my commitment to overcoming obstacles and fueled my passion to serve underserved communities through compassionate, patient-centered care.

Hobbies & Interests

Cooking: I enjoy experimenting with new recipes and flavors, my signature dish is Pasta al Limone.
 Traveling: I have traveled to 8 countries and plan to add Portugal to the list next.

Personalize your hobbies as much as possible. This is a very popular and well received section!
